

RETAIL 2023

1- ¿**What** is PSH: Pet skin healthcare?

2- ¿**Why** PSH?

3- ¿**Which** are for skin & hair care?

4- ¿**When** to recommend?

Founded by Miguel Ángel Soler, a chemical engineer specialized in cosmetics, at PSH we owe our know-how to **more than 60 years of experience in specialized formulation.**

We cover the entire spectrum of professional and home dermal solutions through **formulations developed by specialist pharmacists.**

**Reknowned veterinary dermatologists** in the sector support our developments.

# PSH ¿What? Products formulated by professionals (veterinarians, pharmacist & groomers) to care and protect skin hare care

PSH manufactures under the Spanish ministry of health, which has the **highest quality controls**. That is the reason why we **guarantee** that not only our manufacturing process but our raw material stock **fulfill the regulations**.

Our **formulations** are developed by **pharmacist** and tested by **veterinarians** with a dermatology degree, that confirm our **products efficacy**.

As **manufacturers** we could offer a **global solution** to all your pet needs.

## 01 QUALITY CONTROL

Fulfill the Health ministry standards

## 02 PROFESSIONAL TESTED FORMULATIONS

360° treatments

## 03 PROFESSIONAL SOLUTIONS

Home use products

# PSH ¿Why?:

## Product characteristics:

ECO FRIENDLY  
COSMETICS

Coral free, all the shampoos are rinsed with water that ends on the ocean, so that our formulas are developed with ingredients that protect our oceans coral.

HYPOALLERGENIC  
PARFUM

All our products essences are natural. Thanks to this we avoid including chemicals that cause allergies.

KATHON  
FREE

Our formulas are Kathon free (is a preservative) that causes allergies and some severe cases of dermatitis.

PARABENS  
FREE

We are a paraben free formulation company. These are causing skin problems.

SILICON  
FREE

We avoid the silicon formulations, because it had been demonstrated to hinder the hair oxygenation, damaging cuticle and drying it out. Which causes dehydration.

COLORANT  
FREE

Free of colouring agents in our formulas, the colours come from the raw material ingredients we use.

100%  
VEGAN

Don't use animal origin ingredients. Our components are all vegetal.

NOT TESTED  
ON ANIMALS

Of course we do not test on animals.

## BEFORE WE BEGIN...

## WHAT REALLY IS A SHAMPOO

**NOT ALL WATER IS THE SAME:** In our case, it is treated and highly controlled water, practically distilled water. This is not mandatory by regulations in the animal health sector. PSH products have nearly filtered water, with which we avoid high conductivities, excess salts, and therefore their hardness, significant causes of irritation and skin conditions.

- We use UV lamps to prevent the proliferation of bacteria and fungi.
- We pass daily chemical physical and weekly microbiological controls

**WATER DOESN'T CLEAN, SHAMPOO CLEANS.** Water is hydrophilic, and dirt is lipophilic. Healthy hair has a lipophilic surface, to which lipids adhere but which repels water. The surfactants surround the dirt in such a way that it is encapsulated, and it is easy to wash it away with the rinse; in this way, the sebum is eliminated.

**SOFTEN AND MOISTURIZE DRY HAIR OR IRRITATED SKIN.** These are mainly oils and other fats that improve the hair's ability to retain water. PSH uses USP vegetable oils and glycerin with high moisturizing power, which hold healthy hair moisture and provide dry hair hydration.

**THEY ARE USEFUL TO PROTECT THE PRODUCT FROM DIFFERENT CONTAMINATIONS BY BACTERIA, FUNGI, OR YEASTS.** We use safe and effective preservatives; the products are microbiologically analyzed to ensure that everything on the market is free of contamination.

In this %, we can find substances such as pH controllers, thickeners, active ingredients, perfumes, and colorants. **DID YOU KNOW THAT NOT ALL SHAMPOOS MUST HAVE Actives?** This is not our case, and all our products have powerful active ingredients that favour the dermis and hair care.

### 3. General hygiene :

ALL  
MANTLES

1. SHAMPOO
2. CONDITIONER
3. MIST

**ALOE LOVER:** general hygiene for all mantles

**ACTIVES**

99% Pure  
Aloe Vera

**ALL MANTLES  
HYGIENE**

**HYDRATION  
HAIR & SKIN**

**VOLUM  
& NUTRITION**

**Indication:** It is suitable for the hygiene of all mantles, especially for sensitive skins, since the formula does not contain colorants, is free of parabens, Khaton and the perfume is hypoallergenic. It is formulated with Aloe vera and hydrolyzed soy proteins, it acts both on the hair fibers and on the epidermis, thus helping to increase hair thickness and moisturizing the coat.

**How to Use:** Apply with the coat previously wet, wash and massage vigorously with Aloe lover shampoo. For best results, combine with a conditioner after washing, apply Aloe Lover Conditioner massaging in the direction of the hair and rinse thoroughly with plenty of water. And between washes apply Aloe lover Mist to enhance the moisturizing results.

# PSH ¿Solution 360?

Home use products - with specific formulation for the skin treatment

### 3. General hygiene :

**DRY SHAMPOO:** Waterless cleaning spray.

- ✓ **HYGIENE FOR DRIED HAIR**
- ✓ **HYDRATION HAIR & SKIN**
- ✓ **CLEANING & EFFECTIVENESS**

**Indication:** It is indicated for pet's dry hygiene, formulated with rice starch, which absorbs and encapsulates dirt particles and sebum excess, an effective dry cleaning is achieved.

**How to Use:** Apply on dry hair. Spray at a distance of 30 cm, spread the product well against the hair and leave on for 1-2 minutes. Then proceed to brush and eliminate knots. Use on canine animals; Keep out of reach and sight of children; Avoid contact with eyes and mucous membranes.

# PSH ¿Solution 360?

Home use products - with specific formulation for the skin treatment

### 3. General hygiene :

**ALL  
MANTLES**

**1. SHAMPOO  
2. CONDITIONER**

**GREEN SOUL:** Shampoo 99% natural origin.

**ACTIVES**

Green Tea  
White Hawthorn

- ✓ **HYGIENE FOR SENSITIVE**
- ✓ **HYDRATION HAIR & SKIN**
- ✓ **ANTI-INFLAMMATORY & ASTRINGENT**

**Indication:** It is indicated for the hygiene of all mantles, especially for sensitive skins, the formula contains a very special variety of green tea, which provides an anti-inflammatory action. In addition, it has the benefits of hawthorn; this plant provides the astringent property, which is why it is used to combat the oiliness excess of the skin and achieve shiny, soft hair.

**How to Use:** Apply with the coat previously wet, wash and massage vigorously with Green soul shampoo and combine with Green soul conditioner, massaging in the direction of the hair and rinse with plenty of water.

# PSH ¿Solution 360?

Home use products - with specific formulation for the skin treatment

### 3. General hygiene :

**ALL MANTLES** | **1. SHAMPOO**

**WHITENING VIBES:** Whitening shampoo.

**ACTIVES**  
Kaolin  
Aloe Vera

- ✓ **HYGIENE TO ENHANCE COLOR**
- ✓ **HYDRATION HAIR & SKIN**
- ✓ **WHITENESS & PURIFICATION**

**Indication:** Indicated to revitalize white mantles, it brings more illumination and whiteness. In addition, thanks to its delicate cleansing and purifying action, it helps to remineralize and detoxify the skin by exchanging mineral salts with toxins and impurities. The formula also contains extra glycerin, which ensures moisturization and a silky finish. Suitable for sensitive skin: dye-free and hypoallergenic fragrance.

**How to Use:** We recommend applying a first wash to remove all types of impurities beforehand. With the coat clean and wet, wash with Whitening vibes shampoo to achieve the whitening effect. To obtain an optimal result, combine with a PSH conditioner after washing, apply in the direction of the hair and rinse with plenty of water. Rinse thoroughly until complete elimination of the product. Use on canine animals; Keep out of reach and sight of children; Avoid contact with eyes and mucous membranes.

### 3. Hygiene type of mantle :

**CURLY  
& CORDED  
MANTLES**

1. SHAMPOO
2. CONDITIONER
3. MIST

**TROPICAL ESSENCE:** Volum line.

 **ACTIVES**

Medicinals plants  
extracts

-  **HYGIENE CURLY & CORDED HAIR**
-  **HYDRATION HAIR & SKIN**
-  **VOLUM & MOISTURE**

**Indication:** Is specially indicated for the hygiene of curly or corded coats, it is formulated with extracts of medicinal plants that provide great moisturizing power and volume contribution to curly coats. Suitable for sensitive skin: free of dyes, parabens, Khaton, and silicones, and with hypoallergenic perfume.

**How to use:** Washing it by massaging vigorously with Tropical Essence shampoo to remove all kinds of spots from the curly or coat. To achieve optimal results, combine with a conditioner after washing, apply Tropical essence Conditioner in the direction of the hair and rinse with plenty of water. And between washes, apply the Tropical Essence Mist to enhance the volumizing results. Use in canine and feline animals; Keep out of the reach and sight of children; Avoid contact with eyes and mucous membranes.

### 3. Specific hygiene :

ALL  
MANTLES

1. SHAMPOO
2. CONDITIONER

**ALMOND DREAM:** Hair repair line.

#### ACTIVES

Almond extract  
Pantenol

- ✓ SPECIFIC HYGIENE FOR DAMAGED MANTLES
- ✓ REPAIR & STRENGTHEN
- ✓ HYDRATION HAIR & SKIN

**Indication:** Is indicated for the hygiene and repair of fragile and damaged coats. It is formulated with sweet almond extract, panthenol, and glycerin, active ingredients that soften and strengthen the hair fibers of the coat, giving it a younger and healthier appearance. It also combats environmental stress on the dermis. Suitable for sensitive skin: free of dyes and Khaton.

**How to use:** We recommend applying the product over the previously wet coat, making a vigorously washing massage with Almond Dream Shampoo to eliminate spots in the coat. To achieve an optimal result, combine it with a conditioner after washing, apply the Almond Dream Conditioner in the hair direction and rinse it with plenty of water. Between washing, apply Aloe Lover Mist to enhance the results. Use in canine and feline animals; Keep out of the reach and sight of children; Avoid contact with eyes and mucous membranes.

### 3. Specific hygiene :

**ALL MANTLES**

- 1. SHAMPOO
- 2. CONDITIONER

**CBD FUSION:** Nourishing hair line.

**ACTIVES**

- Cannabidiol Oil
- Biotine

- ✓ **SPECIFIC HYGIENE FOR WEAKENED MANTLES**
- ✓ **HYDRATION HAIR & SKIN**
- ✓ **NUTRISHING & REVITALIZING**

**Indication:** Is indicated to stop hair loss and hydration. It is formulated with Cannabidiol (CBD) oil, which contains amino acids, trace elements, and antioxidants that regulate oily seborrhea. They have a moisturizing effect that helps prevent hair loss, and scalp irritation and keeps hair healthy and strong. In addition, the formula is reinforced with highly conditioning active ingredients, such as hydrolyzed yeast and a B vitamin complex to ensure moisturizing and care for the skin.

**How to use:** We recommend applying the product over the previously wet coat, making a vigorously washing massage with CBD Fusion Shampoo to eliminate spots in the coat. To achieve an optimal result, combine it with a conditioner after washing, apply the CBD Fusion Conditioner in the hair direction and rinse it with plenty of water. Between washing, apply Aloe Lover Mist to enhance the results. Use in canine and feline animals; Keep out of the reach and sight of children; Avoid contact with eyes and mucous membranes.

### 3. Specific hygiene :

**ALL MANTLES**

1. SHAMPOO  
2. CONDITIONER

**KERA ARGAN:** Moisturizing and restructuring line.

**ACTIVES**

Keratin  
Argan oil

- ✓ **SPECIFIC HYGIENE FOR WEAKENED MANTLES**
- ✓ **HYDRATION HAIR & SKIN**
- ✓ **MOISTURIZING & RESTRUCTURING**

**Indication:** Is indicated for hygiene and extra nutrition of dry coats. This formula combines the synergistic action and benefits of argan oil and keratin, which deeply nourish the coat and provide strength to the hair bulb. The contribution of vitamins, minerals, and fatty acids is highly beneficial for the skin and hair due to their nourishing, moisturizing, and anti-aging properties. Suitable for sensitive skin: free of dyes and Khaton.

**How to use:** We recommend applying the product over the previously wet coat, making a vigorously washing massage with Kera Argan Shampoo to eliminate spots in the coat. To achieve an optimal result, combine it with a conditioner after washing, apply the Kerargan Conditioner in the hair direction and rinse it with plenty of water. Between washing, apply Aloe Lover Mist to enhance the results. Use in canine and feline animals; Keep out of the reach and sight of children; Avoid contact with eyes and mucous membranes.

### 3. Hygiene type of age:

**ALL MANTLES SENIOR**

1. SHAMPOO
2. CONDITIONER
3. MIST

**SENIOR CARE:** Special line for senior mantles.

**ACTIVES**

Medicinals plants  
Urea

- ✓ SENIOR HYGIENE & SENSITIVE SKINS
- ✓ HYDRATION HAIR & SKIN
- ✓ ELIMINATES THE SMELL & SEBUM REGULATOR

**Indication:** Is indicated for the hygiene of senior mantles. It is formulated with an active ingredient that controls the characteristic odor molecules of senior coats and neutralizes them, as well as having natural plant extracts to care for sensitive skin. It also contains sebum-regulating active ingredients for senior pets. Suitable for sensitive skin: free of dyes, parabens, Khaton, silicones, and with hypoallergenic perfume.

**How to use:** Washing massage strongly with senior care Shampoo to eliminate all kinds of spots in the coat. To achieve an optimal result, combine with a conditioner; after washing, apply in the direction of senior hair condition and rinse with plenty of water. Between washing, apply the Senior Care Mist, to enhance the seborregulators and smell regulatory results. Use in canine and feline animals; Keep out of the reach and sight of children; Avoid contact with eyes and mucous membranes.

### 3. Specific hygiene: repellent

ALL  
MANTLES

1. SHAMPOO  
2. LOTION

**STOPE BITES:** insects and parasites repellent.

#### ACTIVES

Andiroba oil

Lemon peel extract

**SPECIFIC HYGIENE  
NATURAL REPELLENT**

**HYDRATION  
HAIR & SKIN**

**EMOLIENT  
& RELAXING**

**Indication:** Is formulated with Andiroba oil, it is an excellent natural repellent that also has moisturizing, emollient, and relaxing properties. This formula achieves an increased repellent effect due to the lemon peel extract. This product is not a biocide and therefore has no cumulative effect on the skin. It does not replace antiparasitic elements such as pipettes and collars. Suitable for sensitive skin: free of dyes and Khaton.

**How to use:** We recommend applying with the previously wet coat, making a washing vigorously massaging Stop Bites Shampoo, for a powerful hygiene and effect. To get an optimal result, combine with the application of Stop Bites Mist, a lotion that does not need clarified. Use in canine and feline animals; Keep out of the reach and sight of children; Avoid contact with eyes and mucous membranes.
